CIVILIZATION AND CLIMATE.

Science has so far struggled in vain
for an intelligent solution of the appar-
ent effects of civilization on climatic
conditions. It is a common delusion
that the cutting down of forests materi-
ally effects the climate, especially the
volume of rainfall. All experience
shows that denuded forests, on the one
hand, or artificial groves, on the other
have little effect on the powers that
check or encourage the fall of rain.

American history records no drouths
more serious than those that effected
the hopes and destroyed the ambitions
of our New England forefathers, who
were surrounded by the grand old fore-
sts that ribboned the coast in the
early days of that country. The rain-
fall has not perceptibly diminished with
the disappearance of the forests.
Drouth is no more common now than
then in that section, outside the fact
that an exhausted soil demands
more water to fructify it into ac-
tivity.

Artificial groves have done little for
Kansas and Nebraska, so far as increas-
ing the rainfall is concerned. The
natural laws governing the diffusion
and precipitation of rain may be
influenced, but are certainly not con-
trolled by the forest area of a coun-
try.

The advance of civilization, however,
has a marked effect on the general cli-
mate. Overturning the soil, inter-
rupting or changing the course of water-
ways, stretching afar the net works of
iron and steel, thereby affecting elec-
trical currents, have undoubtedly con-
tributed to the evident changes
wrought in all countries by the advent
of the plow and the physical forces that
follow in its wake. In dealing with
the rain problem science must recog-
nize the factors of civilization in their
sympathetic relationship with Nature.
The tremendous import of "an inch of
rain" can scarcely be realized, and its
importance can be understood only by
an analysis of what it means. In an
acre of ground there are 6,272,640
square inches. An inch of water on
an acre tract means an equal number
of cubic inches, which implies a fall of
32,000 gallons of water, counting 227
to the gallon. This quantity of water
will weigh one hundred tons, or 220,
000 lbs. A rainfall of only one hun-
dredth of an inch, means one ton of
water to the acre. To manage these
vast forces, and to battle with the
equilibrium of Nature, that the deserts
may bloom and the water places be
made glad, is the mission of science.
In no better way can it contribute to
human happiness than by advertising to
the alphabet of Nature, and learning
the changes that can be wrought in
climatic conditions by the meshes
woven over the face of the earth by
the ceaseless tramp of human progress.
—Montana Stock Journal.

MURDERER KANE HUNG.

He Remains Cool and Unconcerned
to the last, But Dies Hard.

BELLEVILLE, May 21.—James Kane
was this morning executed here for
the murder of his wife, Elizabeth.
The prisoner took his breakfast eating
a good meal, and engaged in his last
preparation for eternity. At 7.45
the executioner entered the prison, and
within a few minutes completed his
preparations. It was not until 8.16,
that the procession for the scaffold
left the condemned man's cell. Two min-
utes later the rope was adjusted around
Kane's neck and at 8.19 the drop fell.
The prisoner died without speaking.
He was pale and composed but seemed
to die hard, his groans being painful to
hear. The prisoner's last night was
spent quietly as usual. At midnight
he lay down and slept quietly until 4
a. m. Half an hour later his daughter
arrived and at 7.15 took her last fare-
well of her parent. At 5 o'clock the
prisoner's spiritual advisers, Mgr. Far-
relly and Father O'Brien, arrived and
engaged in devotional exercises.

Good Stallion Coming to Canada.

LISTOWEL, May 21.—Kidd Bros., of
this place, have purchased from Angus
Sinclair, of Danville, Ky., the standard
bred stallion Lord Ferguson, the sire
of eight colts which are in the 230
class.

Refused a Subsidy

ROME, May 21.—The Pope has re-
fused the Italian subsidy for his sup-
port and the Clericals will, it is un-
derstood, abstain from any share in the
Italian municipal elections.

FOUND IN THE RIVER.

The Disappearance of Hammond
in St. Paul Explained
—Identified.

ST. PAUL, May 20.—Yesterday the
body of a man apparently about 35 years
old, well dressed and weighing about
165 pounds, was found floating in the
river near the old Davidson elevator
on the levee. It was taken to the
mortuary. The body was supposed to be
that of Joseph B. Hammond, who has
been missing since May 8th. To-day
George Bate and Robert D. Hunter,
who live at South Park and work in
the Kansas City railway shops, visited
the morgue and identified the remains
as those of Hammond. Both men had
worked with deceased at the Canadian
Pacific railway shops at Winnipeg,
Man., and at Broadview and Moose
Jaw, N. W. T., and knew him well.

FAST TRAIN.

Wheat Carried from Port Arthur
to Montreal via Owen Sound
in Five Days.

Messrs. McBean Bros., of Winnipeg,
shipped on May 13, from Port Arthur,
by the Canadian Pacific railway com-
pany a cargo of wheat for Montreal,
which was transported by the com-
pany's ships to Owen Sound, Ont., and
then transferred to the railway, and
arrived at Montreal on Monday morn-
ing, May 18, at seven o'clock, having
made the whole distance in about five
days. This is supposed to be the
quickest time on record by this route.

German Immigrants to the North West.

MONTREAL, May 24.—A large party
of German immigrants arrived here to-
day by steamer Steinboff and will be
conducted by the Canadian Pacific
railroad to Winnipeg and the North-
west. The immigrants were without
exception of good class and expressed
an intention to take up farming.

Don't Miss It.

A new and attractive publication
containing many useful, interesting
and instructive features has just been
issued by T. Milburn & Co., of Toronto,
under the title of the Burdock Blood
Bitters Almanac for 1891. It is now in
the hands of the druggists and merch-
ants for free distribution and we would
advise our readers to secure a copy be-
fore the supply is exhausted.

Queen Victoria at Balmoral.

LONDON, May 23.—Queen Victoria
has arrived at Balmoral where she will
spend Sunday, May 24th, the 72nd an-
niversary of her birthday.

Under the direction of Professor
Saunders, the staff of the Central
Experimental Farm is preparing an
exhibit of Canadian grain, grown in
various parts of the Dominion, for
exhibition and the Royal agricultural
show in Doncaster, Yorkshire, England
next month. The grains, which will
be thoroughly representative of the
Dominion, will be shown both in the
ear and in bulk.

In the Commons, McCarthy intro-
duced an "act to amend the Northwest
Territories Act." The purpose of the
bill is to repeal the existing clause re-
quiring the use of French as an official
language, also the clause which makes
Separate Schools imperative. Mc-
Carthy does not wish to prevent either
being established if the people of the
North-west desire them, but proposes
that the people be allowed to decide
the question for themselves. He made
a strong speech in support of his bill.

Victim—"Doctor, I'm troubled with
cold feet. What do you suppose causes
them?"

Doctor—"Cold weather. One dollar
please."

Mr. Jean Chastoux, of Maple Creek,
leaves in a few weeks for France where
large property has fallen to him by the
death of relatives. He will return and
invest his money in the North-west.

The Moose Jaw Times.

FRIDAY, MAY 29, 1891.

TOWN and COUNTRY.

See Robinson's change of advt.

Mr. J. G. Gordon, Barrister, visited the capital Friday last.

Post Master Gass has been confined to the house for the past few days.

Mr. John Munns, jeweller, has opened out in the Annable block, Main St.

A. R. Richards, traveller for Dawson, Bole & Co. Winnipeg is in town.

The Ottawa hotel is receiving a fresh coat of paint.

The weekly half-day holiday begins next Wednesday.

Mr. R. Bogue is having a stone foundation put under his store.

Inspector Rothwell arrived in town on Tuesday and is busy inspecting the schools in this district.

Mr. Ed. Annable has begun the erection of a brick residence on Main street, east.

Canada Permanent Loan and Savings Co. Money to Loan. Apply to Wm. Grayson.

Mr. Cooper, photographer intends leaving Moose Jaw in about three weeks. Parties wishing photographs taken are requested to call immediately.

Mr. Jas. Brass is erecting a planing mill close to the electric light station, which will be operated by the electric light engine.

Mr. H. C. Sweet, Baptist missionary student, from Manitoba, will preach, D. V., in Campbell's Hall at 11 o'clock on Sunday May 31st.

Rev. Mr. Brown, Messrs. T. B. Baker and Thomas E. Kirbeck is attending a meeting of the Synod of this Diocese in Qu'Appelle.

Two first-class rooms to let—Gentlemen preferred apply to F. G. Horman, Manitoba street.

Sergeant McGivern, who has been stationed at Swift Current for nearly six years has been removed to South-eastern Manitoba. Serg. Perrin, better known as the "Famous Active Service" man, is in town.

Photograph match was shot Saturday last between Moose Jaw and Regina, ranges 200, 300 and 600 yards. Results at each range, which was won by the latter—Regina 388; Moose Jaw 344.

Professor William Saunders, director of the experimental farms of the Canadian department of agriculture, is in correspondence with chief Buchanan, of the World's Fair, Chicago, with a view to getting space for a big display at the fair.

Go to Bellamy's for the Celebrated Doherty Organ, Evans' Piano and White's Sewing Machine.

As No 2 Express pulled into Regina on Monday night one of our noble N. W. M. P. had a very close call at attempting to cross the track in front of the engine and had not engineer Moore saw him when he did there would have been a dead N. W. M. P.

The chemical engine is expected here in a few days Mr. Thos. E. Birbeck, town clerk, received a letter this week from the firm who are building the machine stating that the engine was on the road and that it was a "beauty".

FOR SALE.—One span of young mares or a pair and a set of harness, nearly new. Will be sold on reasonable terms. Apply to RUSSEL WILSON, Moose Jaw.

The Regina District meeting in connection with the Methodist Church will meet in Moose Jaw Tuesday and Wednesday June 2nd and 3rd, on Tuesday they will be a convention of Sunday School workers. There will be two sessions one in the forenoon and one in the afternoon. Several prominent ministers from different parts of the district will be present and deliver addresses or read papers on Sunday work. There will also be a question drawer in the afternoon session to which all interested in Sunday School work can drop questions which will be answered by Rev. Mr. Harrison of Regina. Everybody invited.

Mr. Jas. Brass, contractor, has been awarded the contract for building the Presbyterian Manse. It will be a brick veneer.

As announced by advertisement in this issue the annual meeting of the Moose Jaw Cemetery company will be held in the council chamber on Monday the first day of June, at 8 o'clock for the election of Directors for the company.

Mr. Thos. Franks, of 28-19-26, one of the large farmers of this district, has under crop this year 275 acres, 200 acres of this is wheat and the balance is oats. Tom says the prospects were never brighter for an abundant crop than they are this season.

In the Dominion estimates there is a vote for \$9,500 for elections to the Northwest Assembly, and an increased sum of \$13,500 is given for Northwest schools. The item for the legal experts in the Northwest Assembly is withdrawn, making it evident that the new assembly will be composed of altogether elected members.

MONEY TO LOAN.—Private Funds—on Improved Real Estate Securities.—J. G. GORDON.

Tascelles' trio, Grey Eagle, Wanda and Melina showed up for the first time this season at Brandon where they, as usual, were the favorite and took first place in all races in their class. They were shipped from Brandon to Regina, and are now on the ranches of Lascelles & Green fitting for the fall races.

The Agricultural Society is offering \$28 in prizes for gopher tails. The party furnishing the largest number of tails receives a prize of \$10. There are four prizes and an additional prize of \$3 for the one who has the tails arranged the neatest. See advt. in another column.

WANTED.—A good kitchen girl. Apply at the C. P. R. Dining Hall.

A literary and musical entertainment will be given in the Methodist church on Tuesday evening commencing at eight o'clock. Excellent selections of vocal music will be given by several of our local singers and addresses will be delivered by several ministers. Admission free. Everybody invited. A good time is expected.

The annual sermon to the Foresters was preached on Sunday evening last in St. John the Baptist's church by the Rev. W. E. Brown. The brethren marched in procession from the lodge room, to the church, headed by the Moose Jaw Brass Band, where they listened to a very able and impressive sermon. The church was crowded to the door.

Young Pigs for sale at Nicol's Ranch.

Wednesday evening occurred another of those pleasing events, which through helping to break up a household makes two loving hearts happy. The occasion was the marriage of Miss Elizabeth, eldest daughter of Mr. Wm. Watson, a well-to-do farmer of this district, to Mr. James Wilson, Locomotive engineer on the C. P. R. The bride was supported by her sister Miss Mina Watson, and the groom by Mr. Robert J. Rice of Medicine Hat. The bride was becomingly attired in a very neat travelling suit. The ceremony was performed in the Presbyterian Church by the Rev. W. L. Clay, B. A., and the church was crowded to the doors with intimate friends of the happy couple, including a large number of the fair sex who are always anxious to witness such events. The couple left on the 9:30 train for Winnipeg, and after spending a few weeks honeymoon there will take up their residence in Moose Jaw. The brass band escorted the couple to the depot. The Times extends congratulations.

FOR SALE.—A first-class buggy. Nearly new. Will be sold cheap. For further particulars apply to W. D. PALMER, Moose Jaw.

The Moose Jaw Rifle Association shot for a number of very useful as well as handsome prizes on Monday last. The following are the names of the winners, the prizes, also the parties who gave the prizes:—

At 200, 500, and 600 yards—1st prize, L. Abbey, silver medal (donated by J. McCauley); D. Moore, silver medal; (J. McCauley) Geo. Holdsworth, box cigars; (A. Smith) C. A. Gass, whip; (M. McBride) C. Moulding, 12 loaves bread (J. M. Simington).

At 500 and 600 yards—1st prize L. Abbey, case of brushes; (J. G. Gordon) D. Moore, copy of Shakespeare's works, (Sid Porter).

At 200 yards—1st prize Geo. Holdsworth, alarm clock; (C. A. Gass) L. Abbey, pocket book; (J. G. Chalmer) Thos. Withrow, pipe and case; (W. F. Bole) Thos. Wright, whip; (D. McWilliam) C. Moulding, 10 lbs roast beef; (Wright Bros.) Wm. Rouss, gold pen and handle; (R. E. Rothwell).

At 500 yards—1st prize L. Abbey, pipe and case; (J. H. Ross) D. Moore, silver spoons; (L. Abbey) H. Carter, napkin ring; (A. Holdsworth) T. Wright, tobacco pouch; (O. Field) A. Holdsworth, 10 lbs roast beef; (G. B. Wallace).

At 600 yards—1st prize J. Highland, one pair of slippers, value \$3.50, (slippers to be made by J. Hood) Geo. Holdsworth, \$4 shaving ticket; (H. Carter) Jas. Wilson, tea-pot; (B. Bogue) C. A. Gass, pepper and salt cellars; (F. Garmham) H. Hubbell, cuff buttons; (J. Osterander) Wm. Rouss, leather knife (T. B. Baker).

Senator Perley had an interview with General Manager Van Horne and ex-Judge Clarke in reference to prairie fires by sparks from engines. He suggested that the government should appropriate 200 feet of land on each side of the railway and that the Northwest government, out of funds provided by the Dominion Government, should plow a guard so as to have a highway on one side or the other, just as the physical features of the country would permit at the extreme limit of 200 yards. The C. P. R. should be required to plow a fireguard opposite the sides. Then the prairie grass should be burned between these guards by section men at such seasons of the year as it would burn under the supervision of the fire guardian appointed by the Northwest Assembly. An effort will be made to introduce legislation of this character during the present session.

The regular meeting of the Town Council was held in the Chamber on May 11th, 1891. Present Mayor Rathford, Councillors Porter, Herrier, Bellamy, Palmer and Colpitts. Minutes of last regular meeting read and adopted. Accounts:—Standard Publishing Co. \$8.10; Times Printing House \$4.60; E. A. Baker & Co. \$25 for cartridges. Communications from J. G. Gordon re. assessment on lots; Wm. Grayson re. bridge and survey of town; J. G. Gordon re. bridge; F. A. Meller re. assessing; S. N. de Green re. Constable King's account; G. M. Annable re. taxes on lot 25 block 110. Herrier—Bellamy—that the advice of solicitor Gordon be taken and that lot 29 block 94 be released and money refunded—carried. Herrier—Porter—that the account of E. A. Baker & Co. for cartridges be handed the President of the Moose Jaw Rifle Association—carried. Porter—Herrier—that the Council furnish material for building sidewalk on Manitoba street, on condition that the petitioners do the building and that the Council get till last of November on lumber—carried. Herrier—Colpitts—that a 6' foot sidewalk be built to the paragon on River street, and that the Council furnish the material and those interested to do the work. The old sidewalk to be moved further east—carried. Colpitts—Bellamy—that Mr. G. M. Annable be allowed to address the Council re. paying back taxes paid by him on lot 25 block 110—carried. Porter—Herrier—that the bondsmen for collector O. B. Fysh be released and solicitor instructed to hand the bonds over to them—carried. On motion Council went in committee of a whole to consider By-law 87 re. appointment of poundkeeper clause by clause. Herrier—Porter—that By-law 87 as read, clause by clause constitute second reading. Porter—Colpitts—that By-law 87 be read a third time—carried. Colpitts—Palmer—that By-law 87 as read a third time be finally passed and that the Mayor and Clerk be instructed to sign and seal—carried. Palmer—Bellamy—that the solicitor be requested to procure the assessment roll of 1890 at once, it being required by the Council—carried. Councillor Colpitts gave notice that at the next meeting, providing there was no By-law re. cattle yards, he would introduce one. On motion Council adjourned.

ALL even-numbered sections of Dominion Lands in Manitoba or the North West Territories, excepting 1 and 2, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the sole head of a family, or any male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make the entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.
2. Residence for three years anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 16 acres must be broken the first year; after entry 15 additional in the second, and 15 in the third year; 16 acres to be in crop the second year and 16 acres the third year.
3. The 5 years' system under which a settler may reside anywhere for the first two years, and must perfect his entry by commencing cultivation within six months after the date of breaking five acres the first year, cropping three five acres and breaking 10 acres additional the second year and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, any homestead inspector or the Intelligence Officer at Medicine Hat or Qu'Appelle Station. Before making application for Patent the settler must give 6 months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

INTELLIGENCE OFFICES

are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them.

A SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation controlled by the Commissioner of Dominion Lands upon application for patent made by him, or had carried title to his first homestead on, or prior to, the 2nd day of June, 1887.

INFORMATION.

Full information respecting the land, timber, coal and mineral laws, and copies of these regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Land Agents in Manitoba or the North West Territories.

A. M. BURGESS,
Deputy Minister of the Interior

BAD, WORSE, WORST.—Colds, cough, consumption, to cure the first and second and prevent the third use Hagar's Pectoral Balsam, the never-failing family medicine for all diseases of the throat, lungs, and chest. A marvel of healing in pulmonary complaints.

AYER'S PILLS

Excel all others as a family medicine. They are suited to every constitution, old and young, and being sugar-coated, are agreeable to take. Purely vegetable, they leave no ill effects, but strengthen and regulate the stomach, liver, and bowels, and restore every organ to its normal function. For use either at home or abroad, on land or sea, these Pills

Are the Best.

"AYER'S PILLS have been used in my family for over thirty years. We find them an excellent medicine in fevers, eruptive diseases, and all bilious troubles, and seldom call a physician. They are almost the only pill used in our neighborhood."—Bedford C. Conely, New Landing, P. O., W. Felician Family, La.
"I have been in this country eight years, and during all this time, neither I, nor any member of my family have used any other kind of medicine than Ayer's Pills, but these we always keep at hand, and I should not know how to get along without them."—A. W. Soderberg, Lowell, Mass.
"I have used Ayer's Cathartic Pills as a Family Medicine

for 15 years, and they have always given me the most satisfactory results."—James A. Thornton, Birmingham, Ind.

"Two boxes of Ayer's Pills cured me of severe headache, from which I was long a sufferer."—Emma Kaye, Hallowell, Maine.

Ayer's Pills,

PREPARED BY
Dr. J. C. AYER & CO., Lowell, Mass.
Sold by all Dealers in Medicine.

PROCLAMATION

\$500.00

Reward!

THE above reward will be paid to such person or persons (not being themselves principals in the crime) who shall furnish such information as will lead to the apprehension and conviction of the person or persons who, on the night of first day of January last past, set fire to certain Stocks of Hay on the Ranches of the Walrond Ranch Company on Beaver Creek near Macleod in the District of Alberta.

JOSEPH ROYAL,

LIEUTENANT-GOVERNOR.

Dated at the Government House, Regina, this 9th day of May, 1891.

Homestead Regulations!

ALL even-numbered sections of Dominion Lands in Manitoba or the North West Territories, excepting 1 and 2, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the sole head of a family, or any male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make the entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.
2. Residence for three years anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 16 acres must be broken the first year; after entry 15 additional in the second, and 15 in the third year; 16 acres to be in crop the second year and 16 acres the third year.
3. The 5 years' system under which a settler may reside anywhere for the first two years, and must perfect his entry by commencing cultivation within six months after the date of breaking five acres the first year, cropping three five acres and breaking 10 acres additional the second year and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, any homestead inspector or the Intelligence Officer at Medicine Hat or Qu'Appelle Station. Before making application for Patent the settler must give 6 months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

INTELLIGENCE OFFICES

are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them.

A SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation controlled by the Commissioner of Dominion Lands upon application for patent made by him, or had carried title to his first homestead on, or prior to, the 2nd day of June, 1887.

INFORMATION.

Full information respecting the land, timber, coal and mineral laws, and copies of these regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Land Agents in Manitoba or the North West Territories.

A. M. BURGESS,
Deputy Minister of the Interior
